

2025 STUDENT PROFILES

Fabian (15) A high school student who also has a twin sister, they are both FXS (fragile X syndrome) and he has the more dominant issues with the variety of cognitive and behavioral symptoms including ADHD, Social Anxiety, Autism Disorder, and difficulty with social interactions. He is most triggered when the bus is late picking up at the school and will often pout, act out and be impatient from beginning to end of route.

Star (15) A high school student who is the twin sister to Fabian. Although she has less severe symptoms and seems to be very highly functioning, she is a typical teenage girl who is a little boy-crazy and also very protective of her brother. She has gait issues and will sometimes lose her balance when in an excitable state.

Jordan (12) A middle school student who was placed with his grandparents at the age of 18 months. His grandparents are very protective of him. He has cerebral palsy and walks with a limp. Although he has had seizures in the past, he recently had surgery and has a brain shunt that controls this issue. He loves to talk about baseball and is very knowledgeable about the game and the players.

Sara Jane (13) A middle school student who has downs syndrome. Everybody is her friend and she loves to hug and kiss whenever she can get away with it. She also loves music and loves to sing to the soundtrack of Frozen whenever possible.

Please note, you could have all students on your bus or any combination based on availability of volunteers and events.
